EXCEPTIONAL QUALITY

Composed of aluminium alloy structural frames, GENESYS is a pole system engineered to perfection with an unparalleled quality and flexibility.

Such are the pleasing attributes of verve. Is it any wonder that it is an absolute charming range that appeals to many users?

GENESYS

EXPAND AND EXCEL

Simple, compact and durable, TEGUH is a practical working solution for growing organisations.

Ergonomic comfort is the key to productivity and this hybrid panel system is crafted to offer individuals control of their private nook with ease of movement.

TEGUH

HARMONY AT WORK

The amalgam of rich colours immediately stamps a confident mark of recognisable appearance in any office environment from transitional to contemporary.

Artsystem's TRANSIT places individuals in working synergy and close contact, fostering workforces to be more responsive, generating bonding and enthusiasm.

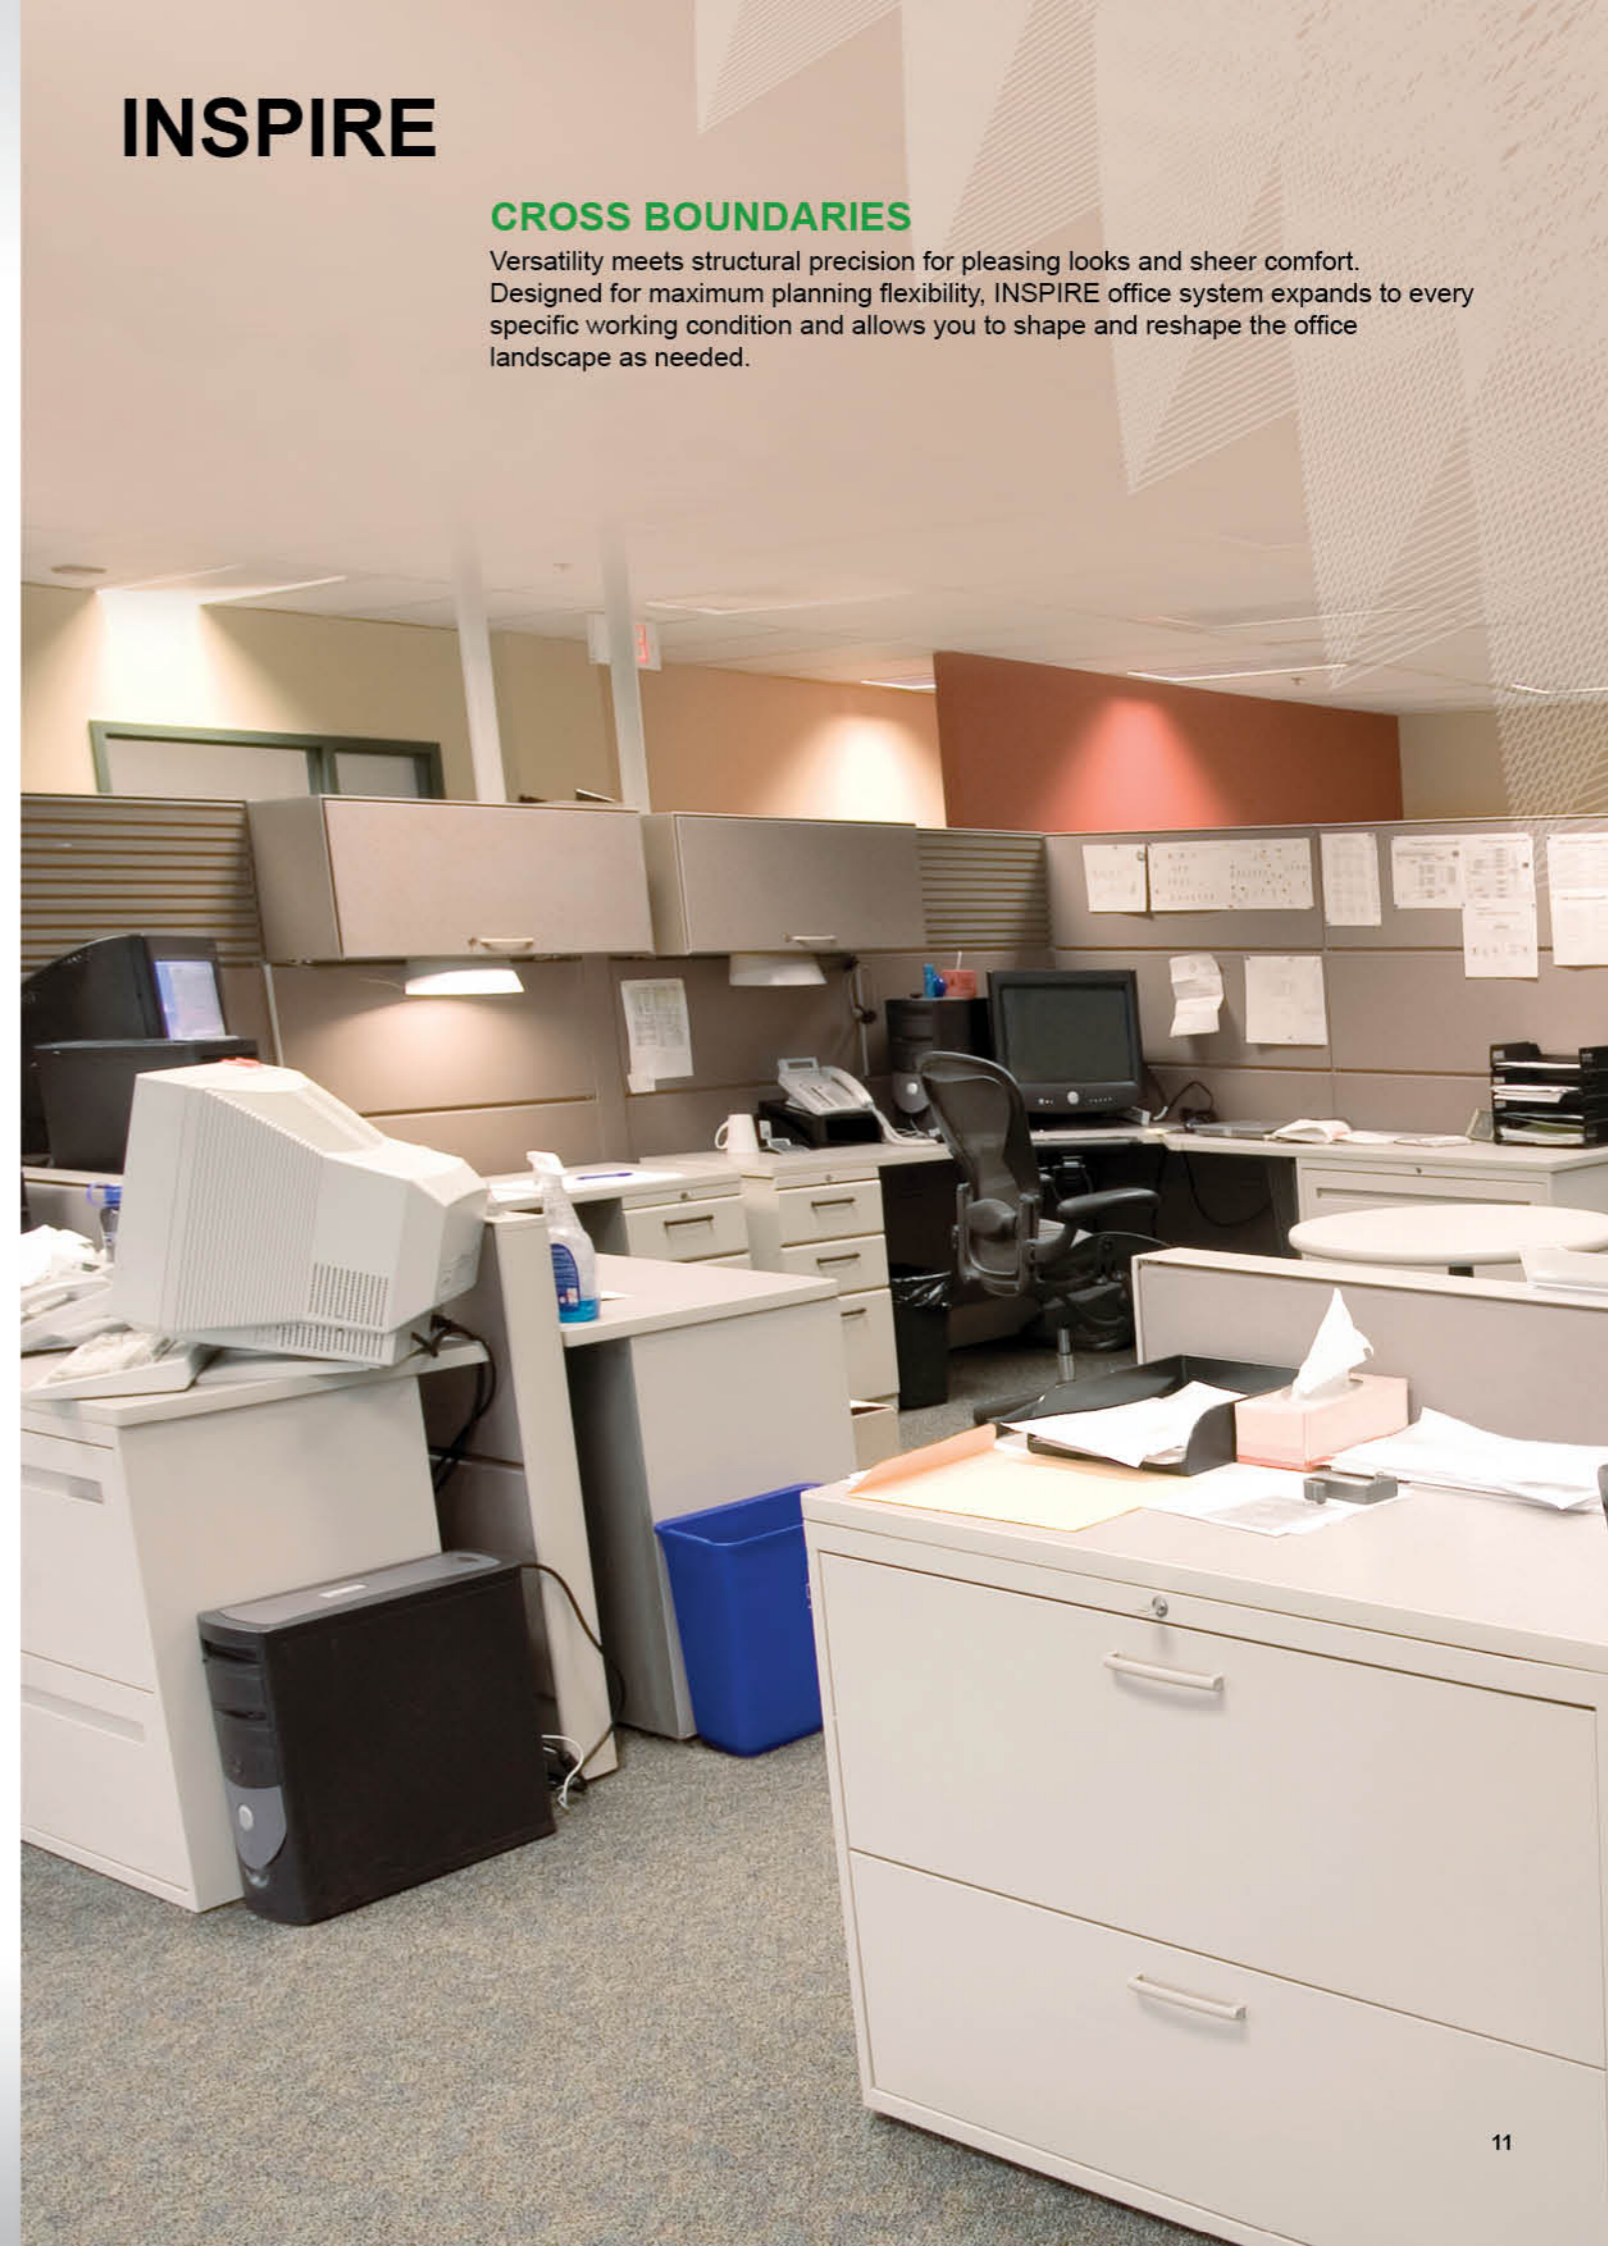

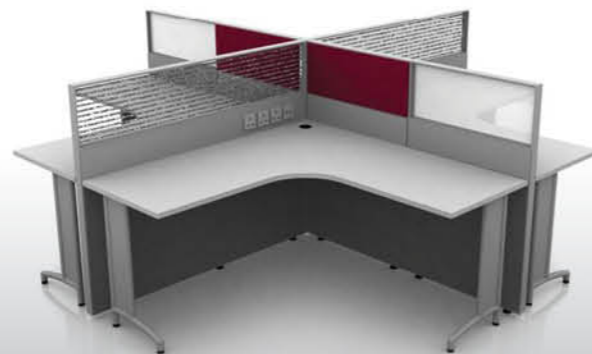

TRANSIT

INSPIRE

CROSS BOUNDARIES

Versatility meets structural precision for pleasing looks and sheer comfort. Designed for maximum planning flexibility, INSPIRE office system expands to every specific working condition and allows you to shape and reshape the office landscape as needed.

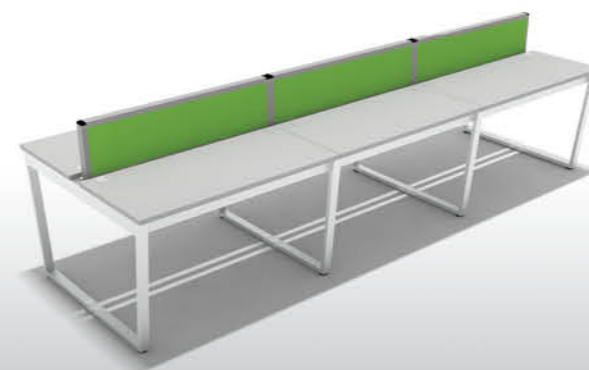

REDEFINE THE WAY YOU WORK

ANZO is a new bench desk system from Arsystem that reinterprets your office, accentuating the concepts of space and design in such perfect harmony that your workplace can be the epitome of style, function and prestige.

Sturdy understructure provides a strong, classical touch, and keeps workstations looking sharp, with clean, efficient lines.

ANZO

HIGHLIGHT YOUR WORKSPACE

Designed to dazzle and impress, Artsystem's collection of designer workstations breaks the monotony by giving a new dimension to the office environment. It is engineered to transcend outdated divisions and create a workplace that is in tune with the changing tastes in life.
