

Your wedding day is one of the most memorable days of your life, and a chance for families and friends to gather and celebrate your love and send you on your way to the next stage of your life. I would be proud to photograph your wedding day and capture the emotions and memories of the day in a modern style with my own unique twist on your images.

Everyone's wedding day is different and everyone wants their day to be exactly as they want it, so with this in mind I have outlined some packages below, but if you find that these don't quite fit with what you are looking for, please feel free to contact me and we can discuss your needs.

All the packages include full day coverage of:

- Groom's house – getting ready with best man/groomsmen
- Bride's house – hair, makeup etc (Both dependent on driving distance/time available)
- Full Ceremony, registry signing.
- Location Shots in various places discussed in advance
- Wedding party arriving at reception
- Group/Family shots – following pre-arranged list
- Cake-cutting (staged)
- Speeches
- Reception
- First Dance

Packages [Two](#), [Three](#) and [Four](#) include a wedding album, and your album can also be published online for one year so that friends and family around the world can view it and share the excitement of your special day!

All packages include a complimentary pre-wedding/engagement shoot, allowing us to get to know each other before the big day as well as giving you some images you may wish to use on invites. The shoot is free, however, any extra expenses or travel expenses (outside county Derry/Londonderry) are not covered. The images from the day will be edited and presented on a DVD, allowing you to make your own prints.

Weddings outside Northern Ireland & Donegal may have a distance supplement to cover transport and accommodation if necessary, but I'll aim to keep this as low as possible and it will be decided before the contract is signed.

If you feel that the packages above do not cover what you would like for your photography of your wedding day, please feel free to call me on 07719 080008 and I would be happy to create a package to suit your exact needs, whether it is with a small tweak or a completely new package.

Further Coverage

If you require, I can stay after the first dance, at a cost of £30 per hour, or if you have two photographers we can both stay for £50 per hour. This must be booked at least four weeks before the wedding date, to ensure availability.

Second Photographer

Ensure every moment is captured of you and your guests from multiple angles with an experienced second photographer. While one photographer is capturing the key moments of your service, such as the bride entering the church, the second photographer can be capturing the priceless reactions of your guests.

The second photographer can focus on capturing all the little details that really make your wedding day, the whispered jokes, the stolen kisses and the silly dancing kids (and adults!), while the main photographer is ensuring that all the main shots are covered.

Even having the same shot from two different angles will add an interesting dimension to your album.

The second photographer will be available for the coverage in your chosen package, however, the second photographer must be booked at least two months before the wedding date, to guarantee availability.

Trash/Romance The Dress

An American phenomenon that's becoming popular over here for the brides that want even more spectacular shots of themselves in their dress. A Trash/Romance the dress shoot is available after the wedding day, during which we'll be aiming to shoot various images which would not have been possible/practical on the wedding day. On a Trash The Dress shoot we won't actually be intentionally damaging the dress, but the locations chosen are likely to at least mean that it will need a clean after, which, to be fair, is likely anyway after the wedding.

With Romance The Dress, we'd be aiming for a more glamorous high-fashion style shoot in some amazing looking locations, and on this shoot we'll be doing our best to keep the dress clean!

We'd aim for at least three locations, over 2 hours, and you would receive two mounted A3 prints of your choice, as well as the option to purchase more.

Prices are dependent on the style and details required for the shoot, but start at £100, with a 20% discount if booked along with your wedding.

Congratulations, and all the best for your big day!
