Sauce Descriptions

*Many Cantonese dishes are served in a sauce.
Below is a guide to the different sauces, giving our description to help you choose.*

SWEET & SOUR SAUCE

A light and fruity sauce with a sharp tang.

BBQ SAUCE

A sweet smoky tomato flavour, which also forms the basis for the Cantonese and Peking Sauces.

CANTONESE SAUCE

A lighter version of the BBQ Sauce, subtly altered to enhance the flavour of the meats.

PEKING SAUCE

For those who like a bit more bite in their sauce. Similar to the Cantonese Sauce, but with added chilli.

BLACK BEAN SAUCE

Black Beans, Garlic, Soy Sauce and Sesame Oil, combined to give a smoky slightly salty flavour.

SATAY SAUCE

Peanut based, but combined with Chilli, gives the humble peanut new life, with extra bite.

CURRY SAUCE

A light fruity mild curry, mild enough even for your mother!

KUNG PO SAUCE

Hoi Sin and Yellow Bean Sauces, combined with Sesame Oil, Garlic, Chilli and Cashew Nuts to give a spicy, smoky and nutty flavour.

SZECHWAN SAUCE

Highly spiced with Pickled Stem Ginger and Chilli, this sauce is Definitely Not for the faint hearted!

PIQUANT SAUCE

Vinegar, Sugar and Pickled Vegetables combined to give a sharp and sweet tasting sauce, used with the Crispy Chicken Pieces and the Crispy Shredded Beef dishes.

NUMTUNG SAUCE

Based on Malaysian style cuisine, and adapted to Chinese style cooking, the Numtung sauce is *VERY HOT*, and as the name suggests will leave those brave enough to try these dishes with a numb tongue!

SIZZLING DISHES

Dishes showing the * symbol are available as sizzling dishes, please add 50p to the price.

CHILLI CONTENT

Normally Cantonese cuisine is very mild, and contains little if any chilli in its preparation, however, during the natural evolution of the culinary arts, other styles of cooking have been adapted to suit current tastes. For instance, the 'Numtung' dishes have been derived from Malaysian Cuisine and hence contain a lot of chilli. To help in your choice of dish we have denoted the chilli content as follows:

▼ Some chilli content, very mild ▼▼ Moderate chilli content ▼▼▼ High chilli content, very hot
