

A GREAT TIME TO CLEAN UP!

Duplex industrial has a large range of cleaning machines designed for the most demanding work conditions. Our award winning European built industrial cleaners will leave your facility spotless using minimal effort, water, chemicals & time.

We have machines that clean all areas - floors, grease, wet spills, equipment, walls, ceilings & more. **Contact your local dealer and arrange a test drive today!**

The Salla is the perfect floor cleaner for any warehouse, factory or large facility. With a unique multi-purpose design the Salla can actually be transformed to operate as either a walk behind floor scrubber, sweeper or portable wet/dry vacuum.

SALLA

- 3 in 1 - Scrubber, Sweeper & Vacuum
- Removable batteries for 24/7 running time
- Cleans all hard floor surfaces up to 1800 sqm/h

JETVAC MAJOR

The JetVac Major is an industrial grade steam cleaning machine. With 10 Bar steam pressure combined with hot water / detergent the Jetvac Major will blast through grease, oils and fats in no time.

- 24 /7 Continuous steam
- 185°C 94% dry sanitising steam
- Emulsify grease and grime fast

Duplex
INDUSTRIAL

Industry proven cleaning equipment for the most demanding environments

BATVAC 50

- Walk behind operation
- Large 50Lt Vacuum Drum
- Onboard charger & 3 hr use
- Vacuum kit for hard to reach areas

The BatVac 50 is a fully battery powered wet/dry vacuum cleaner with a large 50Lt vacuum drum. With a combination of walk behind operation, a 730mm vacuum path and a 3 hour battery life, the BatVac 50 is highly efficient and is ideal for vacuuming large hard floor areas. A separate vacuum kit can also clean difficult places such as under objects and shelving.

The BatVac 50 is ideal for vacuuming floors of factories, warehouses, construction sites and supermarkets - or for removing excess water from tennis courts or swim centres.
