# Wall bars – what is it?

*The wall bars have many uses. They are used simply for climbing and for travelling skills, particularly in primary school education.*

*Wall bars is a multifunction device for any sport.*

*Wall bars used in sport and in rehabilitation.*

*Now, when there is no time for the gym, wall bars and sports facilities on the wall bars are becoming more popular by the day*

## **No time to visit the gym?**

 Wall bars to replace most of the trainers in the gym.

## **There is no space to install home exercise equipment?**

 Wall bars takes up minimal space in the room.

## **No money to buy expensive exercise equipment?**

 Price of the wall bars smaller than any exercise equipment.

## **Requires a rehabilitation simulator, but it's too expensive?**

 The wall bars is used for gymnastics exercises as well as rehabilitation

## **I do not do sports, why do I need the wall bars?**

 Experts believe that the wall bars is necessary for each person. Wall bars beautiful rehabilitative exercise equipment in diseases of the musculoskeletal system, the vestibular system, the central nervous system, disorders form of posture, respiratory system diseases, obesity, scoliosis and more.

## **Children spend much time at the computer?**

**Do not know how to interest children in sports?**

**How to develop a child in sports?**

 Wall bars immediately interested in your children. On it can climb and swing. With ladders, swings, rings, ropes, basketball hoops and trapezes it would be a fun activity for kids. Develops strength, health, and strengthens the body
