# Assetz Properties

At Assetz Lifestyle, we are driven not by the need to create more, but to design better. In an industry where design is often narrowed down to aesthetics, every component of our properties is led by design. Our focus on design in every detail enables us to create properties that are true assets for families and businesses that prosper in them. Founded in 2006, APG is primarily in the business of real estate development and business portfolio management with a secondary focus on infrastructure development in the Asia region. APG develops projects across commercial, residential and mixed-use asset classes.
