Introduction

SEO Hub is used by store Admins to quickly and easily arrange and apply Meta Data, Meta Description, Meta Keywords, Description and many more things simultaneously for large number of products, categories and blog post pages. With SEO Hub, Admin will have options of Test Apply, Apply by Cron as well as Apply right away with Apply option. SEO Hub allows optimizing the specific categories and product groups for specific search terms on a template, which will significantly improve the performance of the store in search engines as well by optimizing the online store according to the latest requirements of search engines.

Benefits of SEO Hub

- Prepare Product Page Meta Data Templates
- Prepare Category Page Meta Data Templates
- Prepare Blog Page & Blog Post Page Meta Data Templates
- Apply Templates with Magento Cron
- Test Apply Option for Quick View of Template Application
- Prepare Templates Based on Various Product & Category Attributes

Installation & Activation

Installation Steps

Step 1: Check Permissions

• Make sure the "app", "skin" and "lib" directories of your Magento and all directories inside it have full written permissions or set permissions on each directory equal to 777 or 0777.

Important! Change all permissions back after installation.

Read more about permission at www.magentocommerce.com/wiki/magento_filesystem_permissions_

Step 2: Disable Compilation

- Log into Magento Admin Panel and go to **System → Tools → Compilation** and disable the compilation.
- After Step 5, you can run the compilation process again.

Step 3: Upload Files

• Upload all folders from the extension package to the installation directory of your Magento software using an FTP client.

Filename /		Filename /
<u></u>		`
in opp In lb	🔶 Uploed	Company Compan
	T Add files to queue	Coerrors.
	Open Edit	includes is b
	Create directory Refresh	Comedia Copisitinfo
	Delete Rename	Shell
		a).htaccess.sample

Step 4: Clear cache

• Go to System -> Cache Management. Clear the store cache.

Step 5: Re-login

• Logout and log back into Magento Admin Panel.

Step 6: Use Extension

• Go to System→ Configuration. In the left column you will see the new tab called Biztech Extensions. You will find "SEO Hub" under Biztech extensions tab.

USER MANUAL – SEO Hub

Admin	Applying			

Extension Activation

Step1: Get an activation key

- Get the activation key from the Order Confirmation Mail. OR
- Login to your Biztech Store account, then go to Downloadable options and copy the activation key for the **SEO Hub** extension.

Step2: Activate your extensions

- After successful package installation, you need to activate the extension by saving the activation key.
- Log into Magento Admin Panel and go to **System → Configuration → Biztech Extensions/SEO Hub** and enter the activation key in the "Activation Key" field for the extension, then click the "Save Config" button.

SEO Hub		Save Config
SEO Hub Activation		۰
Activation Key	abcdefghijklmnopqrstuvwxyz1234567890	[STORE VIEW]
Select Websites	☑ Main Website ■ main website2	[STORE VIEW]

Step 3: Select Websites

• When you enter and save the key it will be verified and you can select the websites where you need to use the **SEO Hub** extension. Click the "Save Config" button after making your selections.

SEO Hub		Save	Config
SEO Hub Activation			•
Activation Key	abcdefghijklmnopqrstuvwxyz1234567890	[STORE VIEW]	
Select Websites	Main Website main website2	[STORE VIEW]	

Now, **SEO Hub** got activated! You just have to set configurations.

Extension Configurations:

Please follow below mentioned steps to configure the shipping method of Australia post.

Go to **Stores** → **Configuration**.

Step 1: General Configuration

Go to System → Configuration. In the left column you will see the tab Biztech Extensions → SEO Hub.

General		
Enable	Yes ▼ ▲ Select Yes to enable this feature.	[STORE VIEW]
Use Product SEO Name for Product Page	Yes 🔻	[STORE VIEW]
Use Category SEO Name for Category Page	Yes 🔻	[STORE VIEW]
Enable Debugger Mode	No ▼ ▲ File Will be located in {{base_dir}}/var/log/seohub.log	[STORE VIEW]
Number of Items On Which Template will be Applied at a Time	50 ▲ 0 and blank stands for all Items.	[STORE VIEW]
Crop Meta Title	Yes 🔻	[STORE VIEW]
Maximum Length for Meta Title	67	[STORE VIEW]
Crop Meta Description	Yes 🔻	[STORE VIEW]
Maximum Length for Meta Description	167	[STORE VIEW]
