Furthermore, Motorised Satellite Dish Installation Services have over 20 years experience in the satellite installation and dish repair service we have all the nessecary equipment to getting your satellite tv installed and working trouble free.

All our work is insured and guaranteed for 12 month's

Motorised Satellite Dish Installation Services carry out all types of satellite tv installations including sky, Freesat, european satellite dish and motorised dish installations

Have you been refused a Sky tv installation due to health and safety, special heights or any other installation related problems? No problem we can guarantee to fit or repair your dish no matter how high or complex your requirements are.

Why is your Satellite equipment malfunctioning?

Our Motorised Satellite Dish Installation engineers can assess your current set-up and find the cause of the problem, we offer a quick and professional repair, as engineers carry every tool needed to be able to fix or replace the part, 9 times out of 10 on the same day. Typical faults include broken cabling, faulty signal boosters, rusty or broken equipment, damaged or deteriorated satellite dishes and sockets.

Sometimes the Satellite Dish is not fixable and when this is the case our engineers will be able to provide you with a quote to replace the current Satellite, and replace it then and there.*

What will our Motorised Satellite Dish Installation engineers do?

Our Motorised Satellite Dish Installation will visit you at an agreed time-slot. Upon arrival he will carry out a survey and find the problem that you are experiencing.

Once one of our Motorised Satellite Dish Installation engineers has isolated the cause of your degraded or lost service he will provide you with a price to repair the problem. If you instruct our engineer to proceed he will fix the problem, tidy up after himself and demonstrate your system working, 9 times out of 10 on the same day.*

We always treat your home with respect and will be as unobtrusive as possible while working with you.
