**Q: Do you know when to water?
 A: Not in the heat of the day.**

Year-round watering rules are now in place.

Don't let the hot summer sun bake away the water your thirsty plants crave. Under year-round rules, landscape watering with an irrigation system or sprinkler is allowed any day of the week **before 11 a.m. or after 7 p.m.** Less evaporation means lower water bills and more money in your pocket.
