1. Your pricing plan includes an amount of inclusive calls indicated by the plan name. E.g. Ruby 25 includes twenty five calls per month. All calls over and above this amount are billed as 'Additional Calls'. The exception to this is the Ruby Lite plan, where there are no inclusive calls and all calls are billed as 'Additional Calls'.
2. On your first invoice you are charged a percentage of your monthly pricing plan based on when your service commenced during the month and given a pro-rata number of inclusive calls. You will also be billed an amount equal to your estimated monthly plan as an amount on account.
3. BT Call costs are the costs incurred for patching calls through to your nominated landline and mobile numbers and are all at standard BT rates.
