Action Fraud recommends that people moving house ask Royal Mail to redirect their mail from their old address to their new address for at least one year, to help protect their identity.

Dear Rahila Jamil,

We're writing to remind you that the Redirection of your mail is due to end on 23 January 2018. From that date any mail addressed to you at your old premises will not be sent on to your new address.

However, if you would like to extend the length of time we redirect your mail for, you can renew the service by paying for additional months.

The quickest way to do this is online.

To do this, simply go to our website at www.royalmail.com/renewal. You will need to register or log on to renew your Redirection, and then enter the reference number and renewal code printed. **Please ensure you do this at least five working days before your service is due to end.**
