# Expertise

I have formed long lasting partnerships with local Bournemouth and Poole businesses right back from 1999. I don't just work on projects, we can manage them as if they were our own. Each website design that I produce is responsive and can easily adjust from a desktop, to a tablet, to a mobile phone.

# What Have I Delivered

I'm a proactive, reliable Wordpress specialist using skills to bring in new clients for your business. Logo, Rebranding, Wordpress built CMS, Mobile Friendly, SEO, Photoshop Designs, Training, 1-1 Coaching and Consulting.

Zane made the creation of my website very straight forward and was consistent in keeping in contact with me to make sure of my requirements and to my satisfaction. The end result is a new striking logo and a clear, modern website that I'm sure will produce the results I'm looking for.
