#### Foreign Currency Charges

All foreign currency Charges have been converted into New Zealand Dollars on the date we processed the Charge. Non-U.S. Dollar Charges have been converted through U.S. Dollars, by converting the Charge amount into U.S. Dollars and then by converting that U.S. Dollar amount into New Zealand Dollars. As agreed, unless a specific rate was required by law, the American Express treasury system has used conversion rates based on interbank rates (selected from customary industry sources) from the business day prior to the processing date, increased by a single conversion commission of 2.5%. Any Charges converted by third parties prior to being submitted to us have been at rates selected by them.
