If you used the 'Set up a limited company and register for Corporation Tax' service on GOV.UK

You may have already told us that the company has started doing business, in which case the only thing left to do is set up HMRC's online Corporation Tax services for the company.

Set up HMRC's online Corporation Tax services

After you tell us your company has started doing business, we will post an activation code, along with instructions on how to set up HMRC's online Corporation Tax services. This will arrive within 3 weeks.

If you get a code, but previously told us that the company has no plans to start a business activity, you can still activate HMRC's online Corporation Tax services. This just means that the services are ready to use when the company becomes active.

After you have activated HMRC's online Corporation Tax services, you will be able to use the company's business tax account to:

- find the company's UTR
- check the company's outstanding liabilities and payments
- find the correct payment reference number to pay the company's Corporation Tax
- file Company Tax Returns
- pay Corporation Tax
- check the company's accounting periods
