

British Columbia's Small Business Resources

We've heard from the small business community around British Columbia and we've developed resources to support the success of small business — Small Business is Big Business in B.C.

HOW B.C. HELPS SMALL BUSINESS OWNERS

Small Business Roundtable – established in 2005 to engage in a dialogue with small business owners to identify key issues and opportunities facing small businesses, developing recommendations for small business and government on strategies to enhance small business growth and success. www.smallbusinessroundtable.ca

Regulatory Reform – Whether you're a business owner or a citizen accessing government programs or services, you don't want to spend a long time filling out forms and searching government websites. That's why the Government of British Columbia has been working steadily on Regulatory Reform since 2001 to streamline services and eliminate the burden of excessive and unnecessary regulatory requirements on B.C.'s citizens and businesses. www.gov.bc.ca/regulatoryreform

Small Business Accord – The B.C. Government created the Small Business Accord to improve interactions with small business and ensure government initiatives and services consider the needs of small business to help foster a progressive business culture where government initiatives support current and future generations of small business owners across B.C. www.gov.bc.ca/smallbusiness
